Destroyer H. M. S. Cameron

City's Namesake Sails Atlantic Seas In WW II

Cameron's Ann Bowman, returned in 1962 from a year in Augsburg Germany, turns her interests toward the unusual story of Cameron, Texas, adopting the "H. M. S. Cameron", a lend - lease destroyer commissioned for British duty during World War II. This term paper tells this fascinating story about this Texas town and the British Navy. – Ed.

By Ann Bowman

Cameron, Texas never dreamed that when President Roosevelt first considered transferring fifty old destroyers to the British navy for protection during World War II, that she, the little town of 5,000 would be honored by the British government herself or that she in return would help support the British navy.

When the transactions were completed between the United States and Great Britain, fifty old destroyers were exchanged for the use of eight bases in the Atlantic for a period of ninety - nine years. As a token of gratitude, the British government decided to name these ships in honor of Americans. One of these ships, th eU. S. S. Welles, was turned over to the Clan Cameron of Scotland for renaming. Since there were numerous towns in the United States bearing the name Cameron, the Clan Cameron sent heraldry exports to the United States to investigate the origins of the names of the towns. It was found that Cameron, Texas was the only town in the whole United States having the name of an original member of the Clan Cameron. Cameron, Texas, being named in honor of Captain Ewen Cameron, who gave his life in the Mier Expedition, was bestowed the honor of having a ship bear her name.

The following telegram was received by the Mayor of Cameron, Texas on September 29th 1940 from Cameron of Lochiel, Chief of Clan Cameron in Edinburgh, Scotland.

THE CAMERONS OF SCOTLAND SALUTE THE TOWNS FOLK OF CAMERON, TEXAS. WE ARE DELIGHTED AND PROUD TO LEARN THAT ONE OF THE DESTROYERS IS TO BEAR THE NAME CAMERON. IT IS A REMINDER OF THE ENDURING FRIENDSHIP OF USA AND BRITAIN AND OF THE COMMON INTEREST IN THE FIGHT FOR FREEDOM. ALL BRITAIN IS GRATEFUL TO THE PEO - PLE OF USA FOR THEIR HELP AND THE CAMERONS ARE THRILLED BY THE KNOWLEDGE THAT A CAMERON FROM THE UNITED STATES WILL JOIN IN DESTROYING ON THE SEAS THE ARCHENEMY OF FREEDOM.

Cameron, Texas gratefully acknowledged the telegram on September 24th in the following telegram sent to Clan Cameron:

YOUR SALUTATION IS ACKNOWLEDGED WITH PRIDE BY THE CITY OF CAMERON NAMED IN HONOR OF SCOTSMAN CAPTAIN EWEN CAMERON WHO DIED A HERO OF THE TEXAS REVOLU - TION IN DEFENSE OF HUMAN RIGHTS AND LIBERTIES. MAY BRITAIN CON - TINUE UNDAUNTED IN DEFENSE OF THE SAME CAUSE AND JUSTICE AND LIBERTY THRIUMPH TO DELIVER EUROPE AND THE WORLD FROM THE THREAT OF AGGRESSION AND SLAVERY

From this time on, the Rotary Club of Cameron took vital interest in the ship H. M. S. Cameron. The Rotarians, wanting to help the men aboard the ship, decided to send Christmas gifts to them in 1940 as a token of friendship between Great Britain and America. Mr. J. E. Johnson, chairman of the Foreign Relations Committee, headed a campaign to gather the gifts that were to be sent. The committee worked tirelessly as they went from shop to shop, merchant to merchant gathering the things that could be used by the men aboard ship. The people of Cameron, Texas, wanting to do everything in their power to help those men who were risking their lives to preserve the freedom of Great Britain and the world, gave generously whatever they could. These gifts including everything imaginable--socks, candy, handkerchiefs, cigarettes, chewing tobacco, cigars toothpaste, shaving cream, Gilette razors, coffee -- were sent in two hogshed barrels to the ship. Even the City Council donated $31.79 to help acquire gifts for these men.

Months passed, but no word was received from the men on ship or from the British government acknowledging that the gifts had been received. The people of Cameron had begun to question the fate of the ship before a letter of grateful acknowledgement of the gifts was received.

During World War II, the H.M.S. Cameron, having faithfuly served the United States, had a glorious end to her career in helping to save Britain from starvation at a time when every ship which successfully crosed the submarine infested waters of the Atlantic was both a miracle and a blessing. It was said rather humorously that the Cameron was one of those gallant "old maids of the sea" who tirelessly patrolled the sea lanes until one by one they went down to the enemy torpedos or bombs. By the end of the war, the Cameron was the only one of the fifty destroyers that was still in use. She had served well, but was battered and bruised with age. She was decommissioned and scrapped.

Mercury Flips, Hits 100 For April Record

104

By FML

A BORROWING — The U. S. Chamber of Commerce rated the following additions to a community's strength with every additional 100 industrial workers:

–359 more people
–65 more employed in non - manufacturing
–91 more school children
$710,000 more personal income pay year
–100 more households
–$331,000 more retail sales per year
–97 more passenger cars register
–$229,000 more bank deposits
–3 more retail establishments

104 - 104 - 104

That is merely looking at it from the economic standpoint, which is vital. The effect on the social, church, educational and civic life of the community is equally measureable.

Imagine the additional tax income, not necessarily higher either, but additional income for the city and school and county. Imagine the additional contributions to churches. Well, just imagine and put it to work ..... help bring into focus the prospects for bringing that additional 100 workers, these five additional managerial people, those extra school teachers and the many other personnel who would be needed to serve such growth.

104 - 104 - 104

Cameron voters should be congratulated, in our opinion, for favoring 2 to 1 the library fund. This is an endorsement in line with the growing Texas - Wide interest in furthering education.

As William P. Steven, editor of The Houston Chronicle, put it in a story on 'Crisis in Texas Higher Education", this state faces a three fold problem: "First catch up, keep up, then get ahead."

Cameron apparently favors that drive.

Incumbents Win School Trustee Race In Camern

Two incumbent Cameron School Board members were re - elected to three - year terms Saturday in a 309 vote district ballot.

K. D. "Buster" Griffin led the ticket with 253 votes, followed by Alton Fuchs with 206 and Sam S. White, seeking a first term, 105.

Supt. Charles Zeigler told The Herald that the School Board would canvas the ballots officially at a regular meeting Thursday night.

Also scheduled is election of board officers, a routine procedure following a school board election, Supt. Zeigler said.

Main item on the Thursday agenda will be consideration of about 70 teacher contracts he said.

School administrators' contracts have already been renewed for two years, except for the superintendent's which is a three - year contract.

Zeigler said preliminary work is underway on a filing system for the district property valuation program. No survey work has yet begun.

Ten Incumbents Re - Elected In School Districts

At least 10 incumbents were re-elected in eight Milam school districts, including independent districts at Milano and Gause.

Officials at County Supt. H. D. Maxwell's office reported election of B. B. McAnulty, Jr., as county school trustee for Commissioner Precinct No. 4 and re - election of W. A. (Bill) Howell as county school trustee of Commissioner Precinct No. 3.

Unopposed candidates elected in Milano and Gause Districts were

Milano - Jerry Rek and Ray Whited.

GAUSE — W. B. Bailey, Bill Gause and David Wilkins

In Buckholts Rural High School, Calvin Shenkir and Arnold Glaser were re - elected.

In other Common School districts, the following were elected:

BURLINGTON — Paul Olbrich and W. J. Warschak.

DAVILLA — James W. Burnes

MARAK — Frank Klecka

MAYSFIELD — Vaughn Thweatt

SHARP — Eugene E. McCormick Wayne Lawrence and James C. McQuary.

Yoe High Band To Present Annual Concert Monday

The Yoe High School band wil play its annual concert for the public Tuesday at 7:45 p. m. in the Yoe High gym.

The program will consist of a variety of numbers. Featured will be the three band contest numbers that the band will use at the coming Region III UIL band contest. Following the contest numbers, several lighter numbers, among them being show tunes, popular songs, Dixieland and marches, and novelties will be played.

The program will not be long according to director Francis Cox and the public is invited to hear the band in their last home concert before the state region contest.

1ST METHODIST CITY SITE FOR FRIDAY SERVICE

Good Friday Services are scheduled by the Cameron Ministers' Association for 1 to 2 p. m. Friday at First Methodist Felowship Hal.

The Rev. Eugene Strickland, pastor of the First Presbyterian Church, will present the Good Friday sermon, "The Measure of the Cross."

Combined choral groups from several Cameron churches will present a special number, "When I Survey the Wondrous Cross." Mrs. B. F. Crockett will direct and Mrs. Hilliard Thomas will accompany the group at the organ.

A soprano solo by Mrs. Strickland will be "O Sacred Head" by Hassler - Bach.

A song service preceding the special combined choir music will include two hymns for the congregation, "Beneath the Cross of Jesus" and "In the Cross of Christ."

A final hymn, "Sing With All the Sons of Glory", will conclude congregation singing.

The Rev. Aubrey F. Russell, pastor of the First Baptist Church, will give a prayer.

Good Friday services are sponsored annually by the Cameron Ministers' Association.

Rev. Strickland said a nursery for small children is being provided during the Friday services in the basement of the First Methodist Church. Parents are urged to bring their children to the nursery so that they may attend the service.

Red Cross Drive Moves On With $2,157.68 Reported

The Red Cross drive in North Milam County moved ahead toward its goal of $3100 according to the drive treasurer Mrs. Walter Lester.

Total collections at press time Wednesday were $2,157.68.

Six of the eleven rural communities reached their goal with Buckholts and Elm Ridge still to report.

Mrs. Lester reported that Branchville donated $110.21 which was over their goal of $100. She said that the negros in the community donated over $92.

Yarrelton reported $51.50 which is over their goal of $50. Ad Hall sent in $55.35 also over the goal of $50.

Salem turned in 83.04, Jones Prairie donated $33.52, Clarkson donated $20.75 and Ben Arnold donated $72.50. All of the communities fel short of their goals.

She also reported that the Cameron business district collected $808 of a $1,350 goal. The Cameron residential area, white and colored, gave $565.97 of a $675 goal.

The B&PW club gave a donation of $2.50.

Forrest Sapp, drive chairman urged the workers to get their cards in as soon as possible.

INTRODUCING

Mr. and Mrs. George Freeman of Cameron have a baby girl, born April 6, weighing 6 lbs, 5 ozs. She was named Georgia Mae.

SOS Sunday April 21

Last Of Series Ready

Milam Countians are reminded of the third and final Sabin Oral Sunday coming up April 21 in three Cameron centers and others in South Milam County.

Cameron vaccine centers will be open from noon to 5 p. m. at Simon - George Hall, O. J. Thomas Gymnasium and Yoe High School Gymnasium.

Volunteers from Cameron pharmacies, hospitals as well as doctors and other workers will man the three Cameron centers.

TYPE III VACCINE

The Type III vaccine will be administered to a crowd hoped to total 15,000 or more in the county, according to program administrator Bill Burns.

The combined North and South Milam County efforts will coincide with other nearby county - wide efforts. Centers will also be open in Rogers and Rosebud.

Type III consists of the same small, tasteles amount of Sabin vaccine dropped over sugar cubes in a small paper cup. Children of all ages, except new born babies, can take the vaccine as well as adults. The process takes only about half a minute.

Other Milam SOS centers will be scheduled in Milano, Rockdale, (2), Thorndale, Sharp and Gause.

The Type III vaccine has been approved for use following checks of a few Canadian and Midwest polio cases attributed to it. The U. S. surgeon - general's office has removed any restriction on use of Type III vaccine.

Chairmen of the various groups manning the Cameron centers are:

CHAIRMEN

Registration and reception, Milam Medical Society auxiliary; preregistration, Mrs. Coy Arledge; vaccine committee, E. O. Schiller, Jr., chairman and Earl Curtis and Franklin Dusek; dispensing committee, Mrs. LeRoy Wheeler and Mrs. F. E. Jackson.

And, traffic committee, Chief Elvin Hoskins and Sheriff Carl Black; site arrangements, Charlie Burke; and collection, John B. Henderson, Jr., and Adrian Richter, publicity, Gene Smitherman, Lois Sapp and Patsy Matula. Other volunteers will be sought again for various committees, Burns said.

Henderson Will Succeed Prescott

John B. Henderson, Jr., Cameron attorney and city judge, has been appointed successor to County - Dist. - Atty. Jack Prescott who announced plans to resign June 15.

County Judge Don G. Humble announced Henderson's appointment folowing unanimous approval by the Milam Commissioners' Court.

Prescott announced last week that he was planning to move to Temple in June to take up private law practice. He had practiced law in Temple prior to moving to Cameron in 1961.

Henderson, 29, has been practicing law since June, 1960, when he completed work for his degree in the Law School of the University of Texas. He also holds a bachelor of business administration from the Univerity. He is a 1952 graduate of Yoe High School.

At present city judge, Henderson presided over City Court since appointment to the post in January, 1961.

Prior to returning to Cameron, Henderson served as an officer in the U. S. Navy, serving as supply officer on a destroyer.

He is on the board of directors of the Cameron Chamber of Commerce, the board of the First Methodist Church and second vice-president of Cameron Lions Club. He is married and has three children, Eloise, 4, Elizabeth, 13 months, and John III, three weeks old.

Prescott said he was planning to open his own law offices in Temple in June. He announced his plans to move early so that the Commissioners Court would have time to name a successor.

Cameron Winners Named At Meet

Cameron students participating in the district meet at A & M College Saturday brought home several ribbons including five first places.

In typing, Judy Adams placed first as an individual. The typing team with Judy Adams, Nelda Parker, Mary Frances Hurtik and Evelyn Vrazel placed third.

Prose Reading, Mike Mikula and Kay Bridges both placed third. Poetry Interpretation, Jamie Pavelek placed third.

In Boys Debate, Bobby Jones and Bill Looney placed second; Extemporaneous speaking, Peggy Mann placed second and Pursuasive Speaking Ann Bowman placed second.

In Tennis, the senior boys double team, Melvin Provasek and Earl McGoldbrick placed first; junior boys doubles, Eugene Wallace and Ronnie Bollinger placed second and junior girls singles, Pam Neeley placed fourth.

Dickie Ponder placed second in golf. The girls soft ball team placed first with the boys softball team placing fourth and the girls volleyball team placed fourth.

Shorthand winners were first place Peggy Schiller and second place Carolyn Slavik. They placed first as a team.

Milam Farm Bureau Plans CD Meeting

A Civil Defense program is planned for the Milam County Farm Bureau April 18 meeting at the Yoe High Agriculture Building beginning at 8 p. m.

The comprehensive program will be given in 5 parts:

General Agriculture Civil Defense; slides shown by the extension group.

Civil Defense monitoring.

ASC responsibility; presented by Alva Sanders.

Financing; presented by the Farmers Home Administration.

Summary; by County Chairman, Judge Don G. Humble.

The public is invited to this meeting.

7 Promoted In Milam's Co. C, 1st Since August

Milam's National Guard unit, Co. first as a team.

C, 3rd Bn 12th Armor, announced seven promotions, the first since the unit came off active duty last August.

James M. Thompson was promoted to Platoon Sergeant. Doyle R. Armstrong and James Hairston were moved up to Staff Sergeant.

Trinie Alvarez was promoted to Sergeant. William E. Kelm and Jimmy L. Love were promoted to Specialists Five, and Lee F. Hollas was promoted to Specialist Four.

The unit also shipped one of the five tanks from the armory to Houston. The unit is scheduled to ship one more tank away since the unit was reorganized under the ROAD concept.

SFC Joe L. Vybrial also told The Herald that four openings now exist in the unit, and anyone interested in joining the National Guard should contact him at the Armory. This would incude both recruits and prior servicemen.

$800 Fines, Plus Court Costs Levied Against 4 Men

Four out - of - countians were fined $200 each plus court costs after they entered pleas of guilty to possession of electricity producing equipment on the Little River.

County Judge Don Humble fined the four men, Wesley Griffin, Jake Peevey, Carlton Prather and Billy Gann, the maximum amount.

They were caught by Game Wardens D. E. Davis and Loyd Gustin Sunday, March 31, after they were reported by four Milam County youths.

Davis said they had about 80 pounds of catfish, two telephones and a hoop net in their possession. The men said that they had found the ilegal hoop net.

RAINS SLOW WORK ON SIGNS

The rainy weather last week stopped construction on the new welcome signs for Cameron. The three signs on the main highways entering Cameron will be finished this week if possible.

The metal frames have been painted and workmen will place the signs this week.

The Cameron Lions and Rotary signs are now in and they will be hung beneath the welcome signs.

Sunrise Services Set For Sunday

Rev. L. R. Krout, pastor of the Trinity Lutheran Church in Cameron, has announced sunrise services for 5:45 a. m. in the Cameron City Park Sunday morning. In case of rain, the services will be held at the church.

Special Easter music will be presented by the choir and by guest soloist, Miss Kathlene Pick of St. Paul Lutheran Church of Belmead.

HEAT SIZZLES 1.89 RAINFALL; TEMP. UP 56 PTS.

The mercury burbled to the century mark at mid - afternoon Tuesday to give Cameron and vicinity one of the hottest April days on record.

A mark of 101 at Waco broke the previous high there and 100 - degree readings were general throughout Central Texas.

Cameron's century reading was easily the highest of the year. The mercury jumped from a chilly 44 Sunday morning to 100 degrees at mid - day Tuesday.

The heat folowed a welcome rain over the weekend. It started Thursday and fell intermittently through Saturday.

The slow soaker totaled 1.89 inches at City Water Dept.

Milam farmers, ranchers and Cameron residents welcomed the rains for their parched fields and lawns.

Soil Conservationist Wayne Mann told The Herald that it looked as if the heat failed to damage the crops since they were not mature enough to be scorched.

The rain was a big help, providing necessary moisture for crops and grass.

"Probably the most help came to the Coastal Bermuda because it had been planted and fertilized and was waiting for the moisture," Mann said.

Alvin Hefft, city water superintendent, said the pumping rate jumped more than 200,000 gallons from Sunday to Tuesday as the temperature rose.

Daily cosumption for the city is about half million gallons at present.

But city residents still use 1.25 million gallons in peak summer days.

One thing is certain: 100 degrees is hotter in April than in July ..... or it seems that way.

Weather Notes

Tempeeratures ranged from a high of 100 to a low of 44 during the past week. Rainfall totaled 1.89 xf an inch.

Drayton McLane, Jr. Heads Young Execs In National Group

Drayton McLane, Jr., of Cameron, vice - president of McLane Co., Cameron wholesale grocery concern, has been elected president of the Young Executives division of the United States Wholesale Grocers Association.

His father, Drayton, Sr., was elected president of the Association on another ballot.

It gave Cameron and the Association the only father - son presidential team in history.

The USWGA is composed of 150,000 grocery establishments across the United States. Association headquarters is in Washington, D. C.

Locklin Settles For $7,500 In Workers Comp. Case

Lester Locklin, of Rockdale, Friday settled for $7,500 with St. Paul Fire & Marine Insurance Co. in a workmen's compensation case in Milam District Court.

A jury had been called to hear the case, but the two parties agreed to a settlement without jury.

Locklin claimed serious leg and back injuries suffered while working with some pipe Feb. 17, 1962. The pipe was being unloaded from a truck.

Presiding judge was 20th District Judge W. C. Wallace.

Leaders Needed . . .

Girl Scouts Reorganize

Planning for the reorganization of Girl Scouting in Cameron officially started this week at a meeting in the First Presbyterian Church.

Mrs. Wanda Rice, assistant executive director of the Girl Scouts, Texas Colorado Lakes Council, met with interested parents and Mrs. Lester Wiliams, Council Camp Director, Wednesday morning.

A nominating committee was appointed to select the Girl Scout Neighborhood Executive Council and a schedule for leaders training meetings was set up.

Training meetings will be held from 9 a. m. until noon beginning April 23 at the Girl Scout "Little House' in Wilson Ledbetter Park. Additional sessions will be April 30 May 7, 14, and 17. Mrs. Rice will direct the leadership training.

Anyone interested in serving as a scout leader or assistant should attend the April [illegible] meeting, or contact Mrs. Lester Williams.

Interest in the Girl scout movement was indicated in a recent survey of school children.

Mrs. Rice pointed out that the fundamental aim of Girl Scouting is to supplement the things a girl learns at home, school and church, so that she will be a better member of all three.

Girl scout troops are planned as girl - sized democracies designed to give girls experience in the important business of living and working with other people. The activities include girls from 7 to 17 [illegible].

Churches Report Good Turnouts

The unique Milam - wide "simultaneous, but separate" revivals will continue at about 25 county churches into the Easter weekend.

Pastors reported good attendance in a spot check of several of the eight participating Cameron churches.

Attendance is ranging from 100 to 125 at evening services in the First Baptist and First Methodist Churches. And attendance is good at other churches in Cameron.

Churches in Rockdale, San Gabriel, Minerva, Maysfield, Ben Arnold and other Milam communities have joined in the first county effort for 'simulatenous, but separate" revivals. About six different denominations are participating.

Special week's services will end tonight at First Presbyterian Church. Pastor is the Rev. Eugene Strickland, president of the Cameron Ministers' Association.

Services will continue through the week at First Baptist, First Methodist, Gospel Tabernacle, First Assembly of God, First Christian and other churches in the Cameron area

Officials estimated that several thousand Countians attended the pre - Easter services.

Cameron churches announced announced plans to hold Good Friday services 1 to 2 p. m. Friday at First Methodist Church, according to Rev. Strickland.

The Good Friday services are annually sponsored by the Cameron Ministers' Association.

On Milam's Farms and Ranches

News About Milam Farmers, Their Interests, And Activities

County Agents Notes...

Farm Safety To Curb Accidents

By J. D. Moore
Milam County Agent

Acidents to farm people con - tinue to lead all occupation in numbers. At the beginning of the rush season, farmers and stockmen are reminded to practice safety with Fire, Tractors and Insecticides.

A near serious accident occured recently to one of our good farmers in the Sharp Community. Gasoline was being used to rekindle a brush fire. Pouring gasoline produces vapors that forms an explosive mixture with the air. An open flame or spark could ignite the mixture and cause an explosion and fire.

Never clean tractor parts with gasoline. It is too dangerous. Tractor operators would benefit by reading their operators manual. Proper use of guards and shields to cover moving parts of the machine could prevent a serious accident. Moving parts of the machinery should be stopped when making adjustments and repairs. Accidents caused by machinery on hiways usually prove serious. All caution should be taken if tractor and other machinery is to be moved on the hiways.

The practical safety of Pesticides should be clearly understood. Anything can be misused. There is no harmless material, there are merely harmless ways of using materials. Salt, although necessary to health, as we well know, if substituted for dextrose in a baby's formula will and has caused infant deaths.

Pesticides carry a "warning" on the label. This should be read and understood. These materials should be properly stored out of the reach of children.

HOW COMMUNITY GOT WATER ...

Rural Group Taps Town

Special To The Herald

SOMERVILLE — Water for drinking, cooking, cleaning is no problem for most people these days. They just turn on the tap.

It's a different story out in the countryside, where many folks still don't enjoy a dependable water supply. In many rural communities around the nation peiple must use wells and cisterns, even to haul water great distance.

Too often wells and cisterns go dry or become contaiminated And hauling water, well anyone thats ever done much of it know what' wrong with that method.

A group of 37 Negro families living in a small community near Sommerville faced the problem in its worst form.

They lived well beyond the water lines which supplies folks in town. They had built cisterns to catch rain water. But when it didn't rain -- not an unlikely happening in the area -- they were forced to haul water from town.

This lack of a dependable water supply was an especially heavy burden for wives and mothers in the community. In the dry season they'd be forced to skimp on water for washing clothes, forget about cleaning up the houses, even ration out the baths.

Every homeowner faced the prospect that if his house caught fire it would burn to the ground be - cause there might not be enough water to fight the fire with.

These 37 families had built their community from scratch. They financed their little homes with money earned working in a local plant that processes railroad ties, and seasonal work on big farms in the area.

However, as the water problem grew more acute and more frustrating during a dry season, some of them began thinking of moving away, selling out at a heavy loss, breaking up the community.

Off and on over the years, their leaders had tried to work out a plan that would enable the town of Somerville to extend central water service to the community.

A few years ago, it finally appeared this plan would go thrcugh. The railroad where many of the men in the community worked offered eniugh eight - inch pipe free of charge to the town so the community could be tied into its water system.

Plans were prepared. Cost estimates made. At that point, however, the project fell through. The town treasury couldn't carry engineering and construction costs, even with the free pipe.

Then late in 1961 Mrs. John R. Reliford, a leader in the community, went to town and discussed the problem with a Somerville lawyer. He told her about a program of the Farmers Home Administration (U. S. Department of Agriculture) that helps rural communities finance water systems.

Mrs. Reliford and other women in the community formed an ad hoc committee to get FHA financing for their water system. Just two weeks after Mrs. Reliford talked with the lawyer, she and the committee met with Henry Ivey, Milam - Burleson supervisor of Farmers Home Administration.

Things began to move. The women's group organized a community - wide meeting, officers were elected. The FHA water system loan program explained by Ivey. Men in the community organized and incorporated the "Somerville Rural Water Association."

Each family purchased a $35 share of stock in the Association. By early June 1962 the community contribution totaled $1,260.

With the community meeting its commitments under the program, FHA agreed to guarantee a $24,000 loan to be made by a local bank. The loan will be repaid through monthly payments from water users to the Association.

Funds were made available by the bank late in the summer. A contractor was employed and on the job soom thereafter. His crew laid over two miles of water line, connecting with the central system of Somerville. Thirty - seven homes in the community were tied into the line, and several fire hydrants installed.

December 1, 1962, the water was turned on, marking completion of the long campaign to obtain a clean, dependable supply of water.

New Corn Hybrid, Cantaloupe Told

COLLEGE STATION — Resistance to drouth is one feature of a new early maturing hybrid corn developed for use in Texas by the Agricultural Experiment Station. Texas 36A is an improvement of Texas 36 and is heat resistant in addition to its drouth tolerance. It is intended for use in areas where these adverse wheather conditions are frequently encountered.

Texas 36A is described as a yellow, double - cross hybrid which produces one to two medium sized well husked ears per plant. The dark leaf color remains until the grain is faily well matured and the stalks are a few inches shorter than those of Texas 28 and Texas 30.

It has excellent standability and is more resistant to root and stalk lodging than Texas 28, 30 and 36. Texas 36A is not as resistant to corn earworm as Texas 30 but more so than 28 and 36.

A new cantaloupe that is resistant to downy mildrew and tolerant to powdery mildrew has been developed for the Lower Rio Grand Valley. Wescan is also tolerant to sulphur treatments that are applied to cantaloupes to control severe cases of these diseases.

The fruit are oblong, oval - shaped, coarse - netted, hard - rind, medium - sized and are excellent yielders. The flesh of the Wescan is of medium thickness, salmon colored, very firm and of excellent flavor.

Wescan matures in 85 to 90 days from the time of emergence of the seed. The cantaloupes have been evaluated by commercial produc - ers in different parts of the state.

AUCTION REPORT

Cattle numbered 355, hogs 180, horses one and goats four at Cameron Livestock Auction Sale.

Prices paid were:

STEERS		
Good & Choice Fed Steers & Yearings	22.50	25.00

Pigs	5.00	6.25

EI&E

By John E. Snell
County Agricultural Agent

COMMUNITY PROGRESS JUDGING

County scoring teams, district judging teams and state judges wil pick one - hundred - thirty - two Texas communities to receive $6,800 in awards in the next few weeks, according to Extension Sociologist Reagan Brown of Texas A & M College. The awards will be given winning communities in the Texas Community Improvement Program, sponsored by the elec- tric utility companies operating in Texas and conducted by the Agricultural Extension Service.

Local communities completing record books to qualify as full participants in the program are Branchvile, Davilla, Gause and Griffin Chapel.

COUNTY 4-H AWARDS PROGRAM — MAY DAY SET

The annual 4-H Awards Program and May Day activities will be held jointly on Saturday May 4, in Rockdale. The annual banquet was deleted this year by leaders and Council members who considered it to be feasable to sponsor the joint activity.

$5,000 Fire & Extended Coverage on your Frame Dwelling in City, $17.33 per year. Call GEORGE CHILDRESS INSURANCE, OXford 7-2112.

Milam ASCS Report

Livestock feeders could benefit through the 1964 wheat program, Alva E. Sanders, office manager of the Milam County Agricultural, Stabilization and Conservation Service, said today. His comments were about the program on which wheat growers will vote May 21, 1963 , a program which contains many new features, including a new system for supporting prices for the 1964 wheat crop.

If at least two - thirds of the wheat growers voting approve marketing quotas and the rest of the new wheat program, Sanders explained, a limited amount of wheat grown on allotment acreage will be available for livestock feed. This wheat would be "non - certificated" wheat, priced relative to its feeding value in comparison with feed grains, the support level for feed grains and the world market price. ("Certificated" wheat prices would reflect support at a higher level of $2.00 per bushel, national average).

The new wheat program also provides for substituting wheat allotment acres for feed grain base acres, provided a feed grain diversion program is in effect for 1964. This wheat for feed would be in place of -- not in addition to -- feed grain that otherwise would be grown on that acreage. Price supports for wheat grown on feed grain acres would be at the noncertificated rate of $1.30 per bushel, national average.

Screwworm Found In Liberty County

LIBERTY — A screwworm infestation discovered in Liberty county in late March served as a sharp reminder that it is not too early in the season for livestock producers throughout all of Texas to be alert for evidence of the pest.

In most years, livestock producers in Liberty county do not experience screwworm infestations until late spring; however, the March discovery points up that stockmen already need to be watching for screwworms, eradication officials stated.

Authorities noted that because the infestation near Liberty was detected during the early stages of maggots' development and was reported promptly to eradication headquarters at Mission, it was possible to quickly implement emergency measures to prevent the spread of screwworms to other areas. Sexually sterile screwworm flies were being dispersed on and near the infested premises within 48 hours after the case was discovered in the wound of a goat .

Four A&M Students Receive Scholarships

COLLEGE STATION — Four Texas A & M College Engineering students were each awarded $625 Alcoa Foundation Scholarships during a luncheon here April 9.

Making the presentation was R. R. Sugg, Works Manager with Aluminum Company of America, in behalf of the Alcoa Foundation.

The foundation was founded to use its net income especialy for religious, charitable, scientific, literary and educational purposes. Gifts are divided about evenly between educational and non - educational grants.

Texas A & M is one of five states sharing in excess of $12,000 in grants from Alcoa this year.

The luncheon wil be held in the Memorial Student Center.

Special Prayer Meeting Friday Set At Rogers

ROGERS — Special prayer meetings will be held by members of the First Baptist Church of Rogers Friday evening for the pastor, the Rev. Clyde Lee Herring who is in the Phillippine Islands and Japan participating in the Japanese New Life Movement, or Crusade. The Rev. Herring will return to Rogers the latter part of April.

The men will meet Friday night in the home of Wray Durnal, and the women wil meet with Mrs. Lloyd Warwick.

Alton Green was in charge of the midway service Wednesday night of this week. Dr. Arthur K. Tyson, president of Mary Hardin - Baylor College in Belton, is conducting regular Sunday services in the absence of Rev. Herring.

Funeral Serivces Held Sunday For Mrs. Bonnie Edwards

Funeral services for Mrs. Bonnie Viola Edwards, 74, were held 2:30 p.m. Sunday from Green Funeral Home. Rev. H. M. Bowley officiated and burial was in Liberty Cemetery.

Mrs. Edwards was born October 27, 1887 in Louisville, Ky., the daughter of Mr. and Mrs. John Harrison. She was the widow of the late Crayton Edwards. She had lived in Milam County for many years, but for the last ten years had made her home with her daughter in Alice. She passed away Friday after a long illness.

Surviving are two daughters Mrs. Lora Mae McGinnis of Alice and Mrs. Minnie Lee Baldwin of San Antonio; four sons W. D. Edwards of Fort Worth, Capt. J. C. Edwards of Omaha, Neb., Raymond Edwards and Leroy Edwards both of San Antonio; three grandchidren; one sister Mrs. Willie Mae Cooper of Rockdale; two half brothers John Henry Harrison and Martin Harrison, both of Houston.

Easter Pageant Set For Sunday

ROGERS — The annual Henry Cowen Memorial Easter Pageant will be held at 6:30 a. m. Sunday at the Rogers High School football stadium, with the Rev. Wayne Murph, pastor of the First Methodist Church as master of ceremonies.

The other churches participating in the pageant are the Rogers Christian and the First Baptist. Doyle Ray, general Sunday School superintendent of the Baptist church, is assistant manager.

The young people taking part in the pageant will participate Saturday at 7 p. m. at the stadium. The scenes of the program wil be Jesus' ride into Jerusalem on Psalm Sunday, the Trial, the Cricifixion of Christ the Scene of the Women at the Tomb the Adcension of Jesus. There will not be a sermon this year.

Last Rites For Joe Hernandez

Last rites for Joe Hernandez, 73 were held Monday 2:30 p. m. at Green Funeral Home. Burial was in Hernandez Cemetery in Cameron.

Hernandez died Sunday morning in Newton Hospital. He was born in Mexico but had lived in Cameron most of his life.

He is survived by his wife of Cameron; and two daughters, Mrs. Trinidad Fino and Mrs. Louis Amaya, both of Wichita Falls.

Buckholts Church Sets Easter Pageant

Mrs. A. Z. Fuller, pastor of the Full Gospel Church in Buckholts, has announced a Candle - light Easter Pageant Friday.

The services wil begin 7:30 p. m. Friday at the church.

Rites Held For Former Countian, Finley Yardley

Funeral services for Finley A. Yardley, former Milam County Resident, were held in Tuson, Ariz. in March. He died March 14.

He was reared in the Ben Arnold Community where he attended school and later attended Southwestern University in Georgetown. He once played baseball with the St. Louis Cardinals from 1917 - 1921. He was married to the former Miss Johnnie Patterson of Sharp and Washington D. C.

Surviving are his wife; a daughter, Mrs. George King of Tuson, Ariz., and a son John Yardley of Cape Canaveral. John Yardley is the designer of the Mercury Capsule.

Sharp PTA Holds Meeting; Plans Picnic, Egg Hunt

The Sharp PTA met recently. Mrs. Bill McMurtry called the meeting to order. Following the business meeting, a new member, Mrs. Stanley Cryer was introduced.

The PTA will sponsor a combined picnic and Easter egg hunt to be held at Coffield's Ranch in Friendship. This will be an all day outing for April 11.

Children who will be in the first grade next year and their parents are invited. The next PTA meeting will be May 1. Final plans for a school trip to be taken May 8 will be discussed.

Rogers High School Elects Favorites

ROGERS — Class favorites for the 1962 - 63 yearbook of Rogers High School have been elected according to an announcement by Principal J. L. Chervenka. The favorites are as follows:

Senior Class: Dwaine Chlapek and Shirley Luksa; Junior Class: Leroy Schiller and Dianna Enbrock; sophomores: Paula Raley and Edward Skrabanek; freshmen Doyle Ray Harris and Paula Partain.

Mr. and Mrs. Thomas Polk and son have returned home from her parents Mr. and Mrs. Gerald Fosbea and William where they spent several days.

Fried Shrimp Add The Seashore Touch To Summer Suppers

The answer to every homemaker's prayer, during these hot, muggy Summer months, are recipes which offer delectable menu variations, yet are quick, easy and require little hot-stove cooking.

One such recipe is for French Fried Shrimp, a tasty dish which will please the entire family. And, you'll enjoy its preparation, too, for only three ingredients are needed—the shrimp and eggs and Corn Flakes for the crunchy crumb coating.

Served with an assortment of chilled relishes and crisp potato chips, they add a touch of seashore to a breezy Summer supper.

FRENCH FRIED SHRIMP

1 cups Kellogg's Corn Flakes — 3 cups cleaned jumbo shrimp
2 eggs, slightly beaten

Crush Corn Flakes into fine crumbs. Dip shrimp in eggs, then in Corn Flakes crumbs. Fry in deep fat (365°F.) until golden brown or brown in small amount of fat; drain on absorbent paper. Serve with chili sauce or tartar sauce.

Sharp —

Cameron Volleyball Team Wins Game In City Of Temple Race

A Cameron volleyball team defeated the league leading St. Mary's team in the Temple City Recreation Voleyball league last Thursday.

The Cameron team joined the league last week as they replaced a T. J. C. team that had dropped out.

This Thursday at 7 p. m. they will go against "Mama Moore's Boys" a team made up of Temple Junior College Basketball Players.

Mrs. Ethel Chapman's guest has been her sister - in -law Mrs. Roy Mauldin of Cameron.

Mr. and Mrs. Rudolph Zedlitz spent the weekend visiting in Houston as guests of their son and fam-

THANKS

To the voters of the Cameron Independent School District for the confidence placed in me in Saturday's Election.

I welcome any patrons discussion of school business with me at any time.

Sincerely

Kinnard D.

Golf Meet Tuesday

Final plans have been made for the Seventh Annual Women's Invitational Golf Tournament to be held Tuesday April 16

The Women's Golf Associationof the Cameron Country Club will be host for the tournament which attracts about 100 lady golfers to the course each year.

The ladies will enjoy a day of fine golf, good food and attractive prizes. The course is reported in good shape for the tournament.

Mildred Nell of Austin won the championship flight last year with an 83. Billie Janway of Tempel won the low net prize with a 70.

Sixteen towns were represented last year and some of these ere as far away as Dallas and Houston.

Golf Tournament For May 19 At Club

The 33rd Annual Cameron Country Club Invitational Golf Tournament will be held Sunday May 19.

The tournament will be held at the local County Club and first, second and third prizes will be given in all flights. Entries close at 12 noon that Sunday.

Doskocil Wins Twice

Hearne Wins Track Meet Tues.

Led by sprinter Amos Doskocil the Cameron Yoemen scored 51 points in the District 19AA track meet held Tuesday at A & M Consolidated. Hearne won the championship.

Doskocil won both the 100 yard dash and the 220 yard dash. He posted a 10.1 time in the 100 and a 22.6 in the 220.

The mile relay team placed third with a 3:34.7 time. Bill Kilgore was third in the mile run.

In the Junior division the Yoemen only carried four men. They were Mack McKinney, Eugene Wallace, Paul Edmonds and Douglas McFarland. They scored 46½ points.

McKinney took a first place in the high jump and Paul Edmonds also took a third in broad jump.

Wallace took a fourth in the 220 with a 25.3 and McKinney had a 25.7 to take fifth. McKinney took a second in the 120 low Hurdles with a 161.

McFarland landed a fourth in the 330 yard dash and the 1320 re- 2:57.9.

Discus - 1. Kent of Rockdale 148'-5½"; 2. Swanson of Navasota; 3. C. S. Calhoun of Hearne.

6 MANAGERS NEEDED FOR BASEBALL

At least six managers are needed for this year's baseball program according to Bassel Wison, program president.

He urged the fathers of the boys and all interested men to contact him about the manager jobs.

Wilson also announced that there will be an organizational meeting April 26 at the Western Room of the Texan Cafe at 7:30 p. m. Officers for the coming year will be elected and the leagues will be organized.

Coffield Lumber Co. Wins Women's Team Title In Tourney

The Coffield Lumber Company of Rockdale won the Cameron Women's Bowling Tournament with a 2485. The tournament is being held at the local lanes and team events were bowled Sunday, Monday and Tuesday.

In second place was Minimax with 2462 and third was Dairy Queen with a 2425.

Singles and doubles will be rolled the 15th and 16th and 18th. There are 68 ladies entered in the singles and 24 sets entered in the doubles.

The all events is divided into four classes. The winner will be determined by the combined score in the team, single and double bowling.

Top scorers in the team events Gladys Titsworth with a 511, Betty Angell with a 508, one game of which was a 216, Ida Michalka with a 507. Aliene York and Bennie Mayer both had 201 as a top game.

OX 7-2191 Cameron

sports herald

By James Hollas

The much needed rain in this area played havoc with sports as it forced cancellation of the Cameron Round Rock baseball game and postponment of the District track meet.

The track meet was re - scheduled for Tuesday at A & M Consolidated.

But the ball game had to be can celled as no date could be set that would be agreeable to both teams.

-sh-

The weather also posponed the opening of the Heart of Texas Speedway in Waco. But the races were held Sunday night before a top crowd.

Johnnie Barrett of Cameron came in first in the third heat and second in the trophy race. But in the feature race his car blew up and put him out of the race.

Barrett was near the top as he was running a good fourth on the 15th lap of the 25 lap affair.

Then a bit of white smoke came out of the exhaust and he knew something was wrong. A noise started in the motor and Johnnie had to shut it off.

But he will be working nights to put the engine back into shape so that he won't have to miss the race Friday night. Since each race counts points toward the circuit championship he said that he must get it ready and gain the lost time this week.

-sh-

A call has been issued for additional managers in the Little League and the rest of the baseball program for this summer.

Here is a chance for the men to get out and enjoy themselves and still be a big help to the kids of Cameron. The baseball program is growing every year and is expected to be even bigger this year.

Cameron has a good field, the facilities are improving and men are needed to show the boys how to play.

Who knows .. one Saturday or Sunday when you lean back in the easy chair to watch the TV ball game the batter might be one that you coached!

Prewitt Drug Wins Crown In League

Prewitt Drug had a 73½ - 38½ record to take the crown in the Nightlighters bowling leauge.

Lewis - Bredt placed second with a 69 - 43 and Rodenbeck Auto Supply was next with a 67½-44½ record.

Dairy Queen was fourth with a 60½ - 51½ record Rockdale State Bank had a 52 - 60, Maureen's Embroidery had a 48-64, Aches and Pains had a 43-69 and Butter Crust had a 34½ - 77½.

The league was made up of Rockdale ladies.

He will graduate from Bible College with a B. A. Degree in May from Phillips University.

Card Of Thanks —

We wish to take this means of expressing our sincere thanks and appreciation to the many friends who helped in any way during the death of our loved one. May God bless you all.

The family of
Mrs. Ermie Edmonds

I wish to thank the nice friends that visited me during my illness at St. Edward Hospital and especially to the nurses and sisters of the staff for their kindness which they gave me and many thanks to Dr. Smith. Thanks from the bottom of my heart. May God bless you all.

Mrs. Leo Glaser

We wish to take this means to express our sincere thanks and appreciation to all those who sent food, flowers or cards during the illness and death of our mother, Mrs. Sarah E. Isham. We are deeply grateful to Mrs. Grace Boswell and her staff for their help and effort and to Rev. A. F. Russell for his words of comfrt.

The family of
Mrs. Sarah E. Isham

The family of Mrs. Jeff T. Kemp wishes to express appreciation to their friends for their many thoughtful and kind acts at the time of her burial and especially for the showing of regard and esteem in which she was held.

Club Notes

The Three Arts Club will meet at 3:30 p. m. Thurdsay, April 11, in the home of Mrs. A. H. Baskin. The program Japanese Flower Arrangements will be presented by Mrs. John Schigut.

A Garden of Eden atmosphere is planned for the 7th Annual Ladies Golf Tournament luncheon at the Cameron Country Club Tuesday, April 16. Mrs. John Davis and Mrs. E. O. Smith are in charge of decorations which will include a large palm tree, artificial pond and cave, hanging wicker baskets and a driftwood tree with fruit and greenery on the fireplace mantel.

IN TEXAS

BEER IS A NATURAL

From nature's light grain comes sparkling, light beer . . . Texas' traditional beverage of moderation — it's light, sparkling, delicious.

And naturally, the brewing industry in Texas considers it noteworthy that it contributes more than twenty million dollars to the state in excise taxes each year plus additional millions in licenses and permit fees. These millions of dollars help support our public schools, farm roads, old age pensions, teacher retirement funds and help needy children and blind citizens.

Bright Future For Texas . . .

Out of the adversity of transition from oil - agriculture to an agri - business - industrial economy, Texans can take a hearty look at its future because of resourcefulness if its past.

Various spokesmen in politics, education, agriculture and industry see beyond these tentative problems into the future of a great state.

It is a great future traversed by the promise of water, the greatest potential in an area of this size, particularly Central Texas.

It is an industrial development, urging improvement in education, that gradually moves northward from the Gulf Coast and southward from the Dallas - Fort Worth metropolitan complex.

Texas is now 75 per cent urban, further along than we sometime realize.

Because of her size, Texas has not directly competed in the national arena for industry, except in the last 15 years. Now Texas sees the necessity and promise of industrialization and agriculture modernization in full bloom.

Raising standards is nothing new for Texas. She has looked to higher standards for decades in developing all kinds of technics in oil, cotton, livestock and other basic industries.

All we face is a different requirement, which Texans can adapt as readily as they did years ago in developing an amazing economy in oil and agriculture.

The same qualities that make men strong make them think. It takes courage, determination, will and character. Texans have these qualities.

That $9 Million Rain Came . . .

Central Texas' rains last week brought a smile to the face of farmer, townsman and everybody in general.

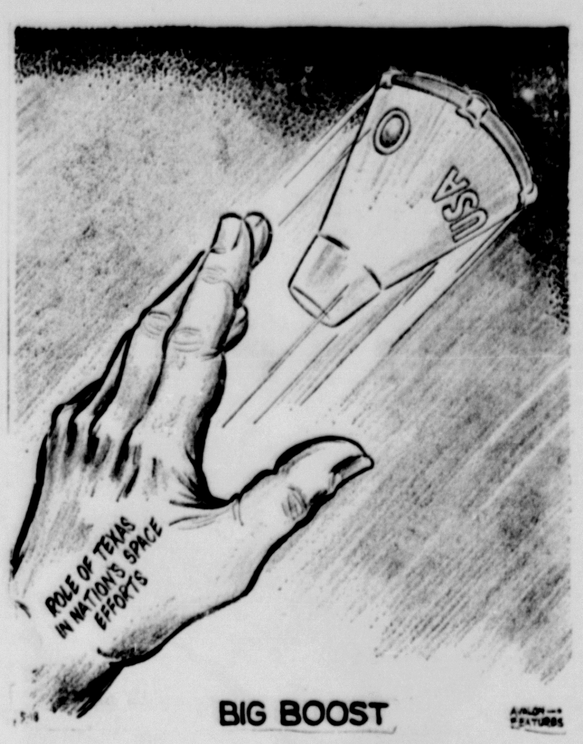
Headed for a dry year, the Milam area saw a crop and grassland - saving rain.

It was truly a $9 million rain.

It gives cause for optimism for a good agriculture climate this spring and early summer.

It brings life to abundant flowers trees and growing things of Central Texas.

Cameron can continue to sing a song of optimism for prospects of an even better Milam agriculture crop.



BIG BOOST

Farmers Reminded Of Social Security

Durelle L. Allen, social security district manager in Temple, today reminded farmers who operate farms on a calendar year basis that their social security self - employment returns must be filed and the tax paid by April 15.

Allen explained that farmers and farm operators file their returns on Form 1040 and Schedule F. The Form 1040 is the general tax report form used by city and farm people alike. The Schedule F is especially for farmers. Both must be completed and filed by self - employed farmers.

Unlike other self - employed persons, farmers have certain options in reporting their earnings. These options are:

1 If gross farm income is more than $1800 and the net earnings are $1200 or more, the actual amount of net earnings must be reported.

2. If gross farm income amounts to $1800 or less, then the actual net farm earnings or two - thirds of the gross farm income may be counted as net farm earnings.

3. If gross farm income is more than $1800 and the net is less than $1200, count as the net earnings either the actual net farm earnings or $1200.

Rogers Schools To Observe Holidays

ROGERS — The Rogers Public Schools will observe Easter Holidays on Friday and Monday, according to an announcement by Superintendent B. F. Harbour this week.

School will be resumed at the regular time Tuesday.

May Draft Quota Is 462 For Texas

AUSTIN — The state quota for Texas draft boards in May calls for 462 men, Colonel Morris S. Schwartz, state Selective Service director, announced Tuesday.

The state's May call of 46 compares with a quota of 471 for April and 404 for March. The May call is the state's share of a national quota of 10,000 men, all for the Army.

Colonel Schwartz also announced that local boards would send no men for pre - induction physcial and mental examinations in May.

Local board quotas for the May call already have been figured and sent to the state's 137 local boards.

The May quota will be filled with men who are at least 22 years old on May 1, except volunteers and those legally termed delinquent under the draft law who may be younger.

Dateline Austin —

'Clean Up The Texas Roadsides'

By Vern Sanford

AUSTIN — Clean up the roadsides is a mesage being delivered by the Texas Good Roads Association and the Texas Junior Chamber of Commerce.

Project is described as an" important contribution to the pleas of Governor Connally and Legislature to seriously and systematically promote tourist travel into and through Texas"

Texas Junior Chamber will encourage its members to join in a project to remove debris and litter from city streets, county road and state highways.

Texas Good Roads Association will give the junior chambers money prizes for the best local progress to make their areas more attractive to visitors of Texas.

WATER

Final legislative action is near on the bill by Sen. George Parkhouse of Dallas and Rep Eligio de la Garza of McAllen to set up machinery for the state to help out financially on big water projects

Both houses have adopted the bill, with a small difference. Sen. Ralph Hall of Rockwall added an amendment to give county commissioners courts approval power on recreation facilities planned at reservoirs built under the program. Since no county money will be involved, the House took out this provision.

Voters approved the plan last November by which the Texas Water Development Board will be allowed to use up to half of its $100,000,000 borrowing power to pay for, or contract to pay for, the building of added height on dams to be built by local or federal agencies.

Highly complicated procedures were written into the bill to safeguard the money. Cash from future sales of water or storage space will repay the state bonds issued to finance the projects.

INDUSTRY PLAN

State loans would be available for building new, or expanding old, factories in Texas, if the House and the voters approve a plan by Sen. Martin Dies, Jr. of Lufkin.

Dies got the Senate to approve his plan for a $200,000,000 state bond issue from which loans would be made

Theory is that the industries would repay the loans with interest, and this would repay the state's debt, also with interest. State's borrowing power is such that it would have lower interest rates and the difference in interest would pay costs of administering the program.

TAX CUT

While legislators begin consideration of tax increases to help finance state government activities, mainly the growth in higher education, two industries are about to get tax cuts.

Both Houses of the Legislature passed a bill to reduce the tax on sulphur producers

House also has passed, and favorable Senate action is expected, on a bill to exempt state banks from the sales tax and the corporation franchise tax.

Both groups are putting up persuasive arguments. Sulphur lobbyists say that Louisiana's tax on sulphur is only $1.03 a ton, so Texas should cut its rate to that level

Owners of state - chartered banks argue that national banks are exempt from state sales and franchise taxes, so state banks ought to be, too

Apparently, the tax program of Gov. John Connally for the rest of the Texans is gathering support. It calls for expansion of the new sales tax by eliminating exemptions on low - cost clothing and farm implements, and for extending the corporation franchise "surtax" which has been in effect on a "temporary" basis for four years.

CRIMINAL LAWS

Senator Dorsey B. Hardeman of San Angelo piloted through the Senate a 389 - page revision of the code of criminal procedure -- the long time

first complete revision in a long.

Purpose of the code, as drafted by a State Bar committee and revised by Hardeman, is to remove some of the loopholes and uncertainties in present criminal procedure.

House action is expected, since lawyers from all sides of criminal practice are agreed that reforms are needed

are needed.

A&M UNIVERSITY ??

House State Affairs Committee heard testimony on a bill to change the name of Texas A & M College to Texas A & M University.

Speaking for the bill were A&M Chancelor M. T. Harrington, resident Earl Rudder, former student president and new director, L. F. Peterson, student Joe Easley and Century Council Director Bob Hunt.

Only opposition was from Baylor and University of Texas ex Sam Collins. He talked about Aggieland traditions.

Harrington and Rudder told the Committee that A & M could attract more outstanding faculty members if the institution were called a university.

Rep. John Allen of Longview, chairman of the State Affiars Committee and a Baylor ex, named an all - Baylor subcommittee to study the bill.

Subcommittee is composed of Reps. John Traeger of Seguin, Ben Jarvis of Tyler, J. Collier Adams of Lubbock and James Klager of Corpus Christi.

SCHOOL LAW

Texas has came a long way aleng the road to an attitude of normalcy on racial desegregation.

That's what Rep. Don Gladden of Fort Worth told the House State Affiars Committee.

Gladden's bill, co - sponsored by 49 House members, would abolish the law passed in 1957 requiring that school districts get voter approval before desegregation.

Under that law, districts which do not call elections before integrating face the loss of state funds.

Bill now is in subcommittee.

PADRE ACTION

Both Houses of the Legialture have passed, and Governor Connally has signed, the bill to give the state's approval -- and some of its land -- to the Padre Island National Seashore project.

U. S. Dept. of Interior will build the vast recreational area, designed to preserve 81 miles of Padre Island in its natural state. Texas had to give about 40,000 acres in Laguna Madre as a part of the project.

THE OLD PHILOSOPHER

Philosopher Says He Tries To Manage
The News Frequently Without Much Luck

Dear editar:

I've been reading about managed news out of Washington the past few weeks and I'm not sure I understand what all the talk is about.

For example, one complaint is that Washington officials like to see their achievements printed ,will even help reporters get the facts, but are out to lunch and unavailable when their failures come to light.

The complainers seem to feel the officials ought to be as energetic about getting their mistakes into print as their achievements.

I guess they should, but that ain't the way I operate this Johnson grass farm. If I'm talking to a banker on a financial matter, I don't mind telling him how much grain I made last year, how high the yield was per acre, provided it was pretty good, but if it wasn't I emphasize something else. Nobody in his right mind seeks a loan or runs for office, as the case may be, on a crop failure or a Bay of Pigs. The only time I'm interested in listing my failures is on my income tax report.

However, I've found it's pretty hard to keep a banker of the American public in the dark very long, and most things eventually come out. The average man makes so many mistakes he's not going to be too harsh on an official when he makes one and most people are judged not on how many mistakes they make but what they do in between mistakes. At least that's what I try to tell my banker.

Now in Russia they've got managed news all right. When the government owns and radio stations, the television and radio stationsl it's no trick at all. That is, it's no trick to keep it out of print and off the air, but keeping it out ot the people's minds in another thing The Russian people may not be able to read about Russian crop shortages, but I have a notion they know something happened to the food.

Yours faithfully,
J. A.

Fisher One Of 18 On BU Dean List

WACO — Stanley Noel Fisher, Baylor University junior, was one of 18 students in Baylor's Hankamer School of Business to make the Dean's Honor List on the basis of grades made during the fall semester.

Fisher ,son of Mr. and Mrs. George M. Fisher of Route 3, Cameron, had a 3.6 grade point average out of a possible 4 points.

A 1960 graduate of Yoe High School, he is a finance major and minoring in economics.

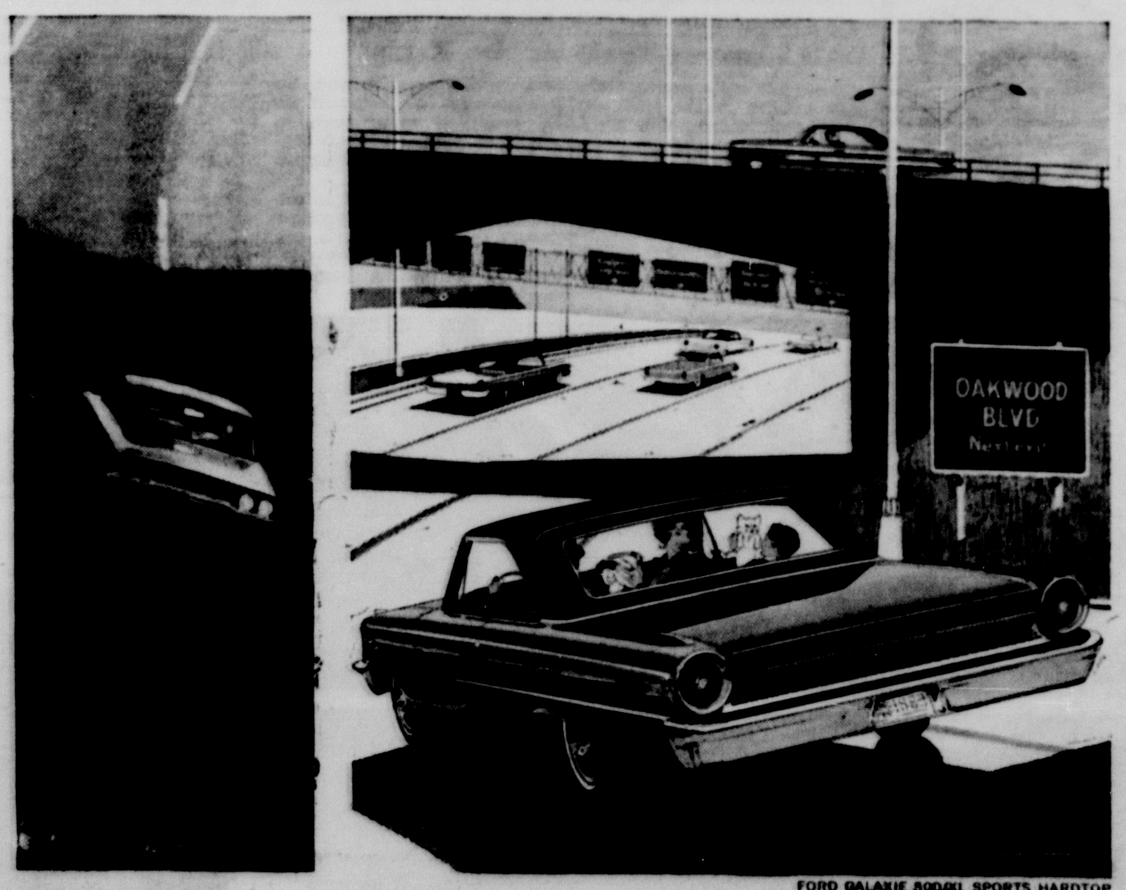
TOTAL PERFORMANCE:



FORD GALAXIE 500/XL SPORTS HARDTOP

YOU'LL KNOW WHY FORD SWEPT THE FIRST FIVE PLACES AT DAYTONA...WHEN YOUR '63 FORD IS STILL GOING STRONG YEAR AFTER YEAR

Daytona's big, banked oval puts unbelievable stresses and strains on engines, steering gears and frames. The Fords that won at Daytona took all the punishment this famous track could dish out over 500 miles of grueling competition without missing a beat.

In this toughest of all stock car events, mechanical failures claimed over fifty per cent of the starting field. But of twelve Fords entered, nine went the distance. Ford took six of the first ten places.

Five-hundred-mile events like Daytona are a public demonstration of toughness, reliability and sheer engineering excellence that are part of the new generation of Fords. A test like this can't be duplicated on anybody's testing grounds—it's run right out in the open. Any car can enter. But only the car that has the best total combination of strength, balance, precision control and road-clinging suspension can win . . . that's what we mean by total performance.

Visit your Ford Dealer before you buy any other new car. Here's what you'll find: a new kind of total-car durability, a new kind of handling ability, a suspension that is startlingly smooth yet sticks to the road like tar. If you haven't driven one lately, you can't really know what a new Ford is like. *Remember, if it's built by Ford, it's built for performance . . . total performance!*

STREET PAVING PROPOSAL

City Studies Plan

The counsulting firm of Rady and Associates, Inc., of Fort Worth, last week gave a written recommendation on modernizing 35 blocks of Cameron downtown streets.

This report, now in the hands of Mayor Coleman Duncum and city councilmen, reviews the recommendations of the engineering firm.

Three means of financing the program, estimated to cost about $140,000, were discussed by one Rady finance associate, who listed:

ONE — A matching fund program with 50 per cent from city bond funds and 50 per cent from federal funds, available through declaration of a "depressed area" to make Cameron eligible for the federal participation.

TWO — A bond issue for the entire amount.

THREE — Individual property owner assessment.

Accompanied by charts of individual street costs for lowering grade resurfacing and moving about five blocks of drain pipe, the report makes the following recommendations.

The text is reproduced in its entirety in the following paragraphs.

"We submit herewith our report covering proposed street and drainage improvements for the designated streets in the central business district indicated in the Location Map (Plate I).

"This report covers in the detailed summary the results of our study and findings presented together with our suggested recommendations for carrying out the proposed improvements.

In our survey of the exisiting paving and drainage facilities we found a number of conditions for which we have provided certain changes in order to obtain maximum use from the existing improvements. While the existing streets which have extra high crowns offer desirable drainage to the gutter they become dangerous when slick from rain or icing because of side sliding of cars backing away from the curbs. Also, the increased forward tilt caused by high the street drown makes parking more difficult. We propose to reduce the height of the crowns to the sizes for the typical sections shown in Plate III.

Other items of concern noted during our survey includes the high sidewalks and a number of existing drive approaches jutting out several feet into the roadway because of the highwalks. In our cost summaries we have provided for reconstruction of the driveway approaches and sidewalks. It is suggested that suitable slopes be arranged for driveways by extending, as required, back into private property. The cost of all work on private property should be done by the property owner.

From our past experiences and as further confirmed with the City's director of public works, Mr. J. B. Earle, the existing drainage grate inlets are inadequate and their entrances are constantly being clogged from leaves and other debris. Our survey indicates that during most rains the existing storm drain lines are permitted to carry only a small percentage of their real capacity. From our checks on the hydraulic properties of the existing storm drain system and the quantities of storm water introduced into the systems at their" pick-up" points the proposed new inlets of the "curb inlet" design would not only be desirable but must be done to utilize the maximum capacity of the storm drains.

"Although the travelling public should be required to drive over the areas of transition from the high existing crowns to the new reduced crown heights, as proposed, the entire project has been arranged into units that can, in most cases, be built singularly.

"From the results of our samples and tests of the existing roadways we have proposed two alternate types of roadway construction detailed as Type I and Type II. These are shown on Plate III. Type I consists of 2 inch thich asphaltic concrete surfacing which to be placed on 6 inch thick cement stablized gravel base. Alternately, Type II roadway section would utilize the 2 inch thick aspahltic concrete surfacing 9 inch thick compacted gravel base. In many cases the tests of existing roadways show the existing gravel to be of good quality and from 9 inches to 12 inches in thickness.

"As evidenced in the summary of costs the two alternate types of proposed improvements do not differ greatly in cost. It is our recommendation to the City that Type No. I roadway be employed utilizing cement stabilized base because:

"(a) Cement stabilized base offers a high degree of resistence to failure from alternate wetting and drying caused by fluctuatoins in ground moisture.

"(b) The reduced overall depth of excavation in preparation of the roadway may help realize saving where water lines are in conflict with sub - grading operations. (See Plate II)

"We have prepared for the City's convenience the condensed project cost summary on the following page. A detailed project summary also accompanies the report and follows Plate III.

"We wish to express our sincere appreciation for the co - operation received from City officials from Mr. J. B. Earle and Mr. Alvin Hefft."

Construction cost for all 35 blocks estimated at $17,197 in the first alternate and $116,154 in the second.

Other contingencies, engine ring, inspection, a 2 per cent project contingency and legal and administrative costs bring the total to $140,910 in the first alternative, and to $139,705 in the second.

The proposed downtown paving area includes these streets:

--Gillis, Main and Second Street from Crockett to Fannin;

--First Street from Travis to Milam (GC&SF Railroad);

--Third Street from Crockett to Travis;

--Fannin from Gillis to First;

--Central Avenue from Gillis to Fourth Street;

--Houston from Tyson to Fourth Street;

--And Travis from Tyson to Second Street.

Mr. and Mrs. Bennie L. Archer announce the engagement of their daughter Anita, to Mr. Charles Arthur Wallace of Houston, son of Mr. and Mrs. C. H. Wallace of Houston. The wedding will be an August event at the First Christian Church.

St. Monica's LadiesMeet; Hear Patrolman

The St. Monica's Ladies and Christian Mothers Society held their regular meeting Tuesday. Mrs. Pete Mikula was elected as a delegate to the Diocesan Convention to be held in Temple April 23.

The society voted to give $15 to the Madonna Plan and $5 to Radio Free Europe. The Altar committee is to purchase material for the church altars. Mrs. Louis Hollas reported on District Meeting at Frenstat.

State Highway Patrolman Floyd Tippit presented the program on the effectiveness of auto safety-belts.

Senate Approves Industry Proposal

The State Senate's approval of a proposed constitutional amendment to create a Texas Industrial Development Authority could be the "shot in the arm" needed in the predominately agricultural sections of the State, Senator Murray Watson said this week.

Under the proposal, the people would be asked to vote in the next General Election on amending the Constitution to authorize appointment of a three - member Authority named by the Governor, the Lieutenant Governor and the Speaker of the House.

The Authority could issue up to $200,000,000 in State bonds to create a special Texas Industrial Development Fund for the sole purpose of making loans to applicants for industrial development.

"This is in line with what other States are doing, and it will go a long way toward improving the industrial picture in smaller cities throughout Texas" the Central Texas Senator pointedout.

"I was proud to support this measure and therefoer hel pput our State in a much better pisition to compete with other states for industrial development," Watson added.

The measure calls for creation of industrial districts upon petition of the people on the local level. Loan applications would be processed and approved by locally - elected district commissioners.

74 Texans Face Death In Next Year By Poison

Seventy - four Texas men ,women and children will die in home poisoning accidents during the next 12 months, the Texas Safety Association warns ,unless effective safeguards aganst this type of home accident are established and maintained.

"The greatest toll will be taken in 0-4 age group," Lone Star Gas Company Manager C. M. Burke, said today. "Twenty - four children in this age group will perish unless essential safety rules are observed.

In the 5-14 age group four will die; 15-24, ten; 25-44 ,twelve; 45-64, fifteen and 65 - and over, nine."

Lone Star is sponsoring a home safety progam in Cameron for the second straight year. Co - sponsors are the Texas Safety Association and The Cameron Herald.

To eliminate this needless loss of life, disinfectants, cleaning fluids, insecticides and other poisonous compounds should be kept in a special cabinet away from food containers.

Poisons stored in the medicine cabinet should be clearly marked, the antidote written on the label, and a pin inserted into the cork or an adhesive placed around the stopper as an additional precaution.

Keep drugs, poisons, and other household chemicals out of the reach of children.

Use non - flammable cleaning fluids with adequate ventilation only, and avoid breathing vapors. Never use carbon tetrachloride.

Protect your skin and eyes when using insect poisons, weed killers, solvents, and cleaning agents. Be sure to wash thoroughly after use of such things and promptly remove clothing.

Do not take medicine from an unlabeled bottle. Date all drup supplies when you buy them.

Weed out leftovers regularly from your medicine chest.

Use a prescription only for the patient for whom the physician ordered it. One person's cure may be another person's poison, and special prescriptions should be taken only as the doctor orders.

PTA Meets Monday; Discusses Bond Program in Rogers

ROGERS — The Rogers Parent Teacher Association met in regular session Monday evening at 7:30 p. m. in the gymnasium, with the president, Mrs. Floyd Frits, in charge.

Mrs. D. D. Ward, program chairman presented the following program: prayer by Carl Foster; talk on Physical Fitness and the Rogers School program by Coach James A. Lowrance, with demonstrations by these junior high school physical education students: Jane Lesikar, Toni Necas, Lewis Elkins Clayton Waits; also Carl Waits gave demonstrations on the school weight program. Mrs. Imogene Harbour's 5th grade performed with singing games and rhythmical activities.

Mrs. Floyd Frits is retiring as president after having served two years and new officers will be elected. Supt. B. F. Harbour was asked to explain the April 20 bond election in behalf of the school board.

Mrs. C. O. Gunter, Spring Roundup Chairman explained the plans for this year. The Roundup will be on April 23 at 1:15 in the new building. Mrs. Bessie Arthur, county school supervisor, and Mrs. Margorie Hunt, county nurse, have been asked to assist with the 1963 Roundup program .

Local employer -- local pleasant work. If interested Write Dept. D care of Herald, Cameron 3-tfc

TREE HUNTER'S AID
Deer hunting from a tree produces good results but its often dangerous.

An accident easily can occur if a hunter tries to turn around on the limb where he is standing. Unfortunately he turns instinctively when he hears a sound beind him that might be an approaching buck.

A small mirror angled just right to cover the immediate terrain, to the rear of the hunter, will eliminate the necessity for movement.

QUICK SERVICE on all tyes of office machines. Work guaranteed. THE CAMERON HERALD.

The Marak K. J. T. & K. J. Z. T. Lodges will sponsor a Chicken Supper, Sunday, April 21, beginning at 4:00 p. m. Games for everyone. The Public is cordially invited to come and enjoy a delicious meal of fried chicken and all the trimmings. Kolaches, cakes, pies and drinks will also be served.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: Steve Killough, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Milam County at the Courthouse thereof, in Cameron, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty - two days from the date of the issuance of this citation, same being the 6th day of May A. D. 1963, to Plaintiff's Petition filed in said court, on the 18th day of March A. D. 1963, in this case, numbered 15,252 on the docket of said court and styled The Citizens National Bank of Cameron, Cameron, Texas, Plaintiff, vs. Steve Killough, Defendant.

A brief statement of the nature of this suit is as follows, to - wit:

A suit on two notes, one for $654.50, dated December 22, 1961, and one for $500.00, dated March 15, 1962, together with interest and attorney's fees and for forclosure on the following described property owned by defendant, to - wit:

One Farmall H, tractor and equipment
One plow, mold board, 3 plow
One Disc, double section
One Farmall Tractor B, FAB 96-988
One McCormich Two Disk Breaking Plow
One McCormick Two Row Planter and disterbutor.
One McCormick Two Row Cultivator
One McCormick Two Row Buster

Attest: Grady Allen Clerk, District Court Cameron, Milam County, Texas. 52-4tc

LITTLE THINGS ARE IMPORTANT -- Paper clips, thumb tacks, staples, rubber bands, tape, stamp pads, stamps and many other things are small but needed. See the CAMERON HERALD OX 7-4671.
